Get Ready for a "Racing" good year in Kindergarten!

I want to apologize for no newsletter last week! I had a short one ready to go, just needed to make a few changes, then the tech department surprised me with a new tower! I was super excited, but not all of my programs got downloaded right away and it was a process. We are super grateful for our amazing tech department, but because all the kinks weren't worked out until Friday, I didn't get a newsletter done!

Please remember you either need to send in money for spring pictures (or pay online) or send the actual pictures back!!! I have only had a couple returned so I wanted to make sure you knew what came home you couldn't keep unless you pay! Thank you!

A note came home about Bulldog Games coming up in May. I wanted to clarify that our "field day" as it is, will be on Wednesday, May 10th from 8-10:40am. IF IT SHOULD RAIN, we will have it on Thursday, May 11th same time. We need parents to help with this! So if you can help, please make sure you sign the form coming home and return it to school! We know it is hard, but we ask that no siblings attend as you will be in charge of kids (like a field trip). **WE REALLY NEED VOLUNTEERS FOR THIS!**

Kindergarten Graduation is May 12th at 6pm. Kindergarteners need to be in the OHS auditorium by 5:30pm in their class t-shirt. All families will be in the OHS gym ready for our program!

Author Night is this Thursday, April 27th from 6-7pm. This is a pretty scheduled event from my understanding. You will rotate three stations (one in our room, one is BINGO for Books, and the other is a family make and take project). So it's important you are here at 6pm! I look forward to seeing you and sharing our work!

WOW!

Our behavior was fantastic last week! We actually had a few days that EVERYONE in our class had green! Thank you for your continued support and talking about "first grade behavior" with your student! Hopefully this continues and it wasn't because everyone was tired from the long break!
